

PUBLIKACJE 2018

1. M Grzesiak, A Michalik, A Rak, K Knapczyk-Stwora, A Pieczonka. The expression of autophagy-related proteins within the corpus luteum lifespan in pigs. *Domestic Animal Endocrinology*. 2018; 64; 9-16.
2. K Knapczyk-Stwora, M Grzesiak, RE Ciereszko, E Czaja, M Kozirowski, M Slomczynska. The impact of sex steroid agonists and antagonists on folliculogenesis in the neonatal porcine ovary via cell proliferation and apoptosis. *Theriogenology*. 2018; 113; 19-26.
3. K Wartalski, G Gorczyca, M Duda. W poszukiwaniu części zamiennych – czy dorosłe komórki macierzyste okażą się kamieniem milowym medycyny regeneracyjnej? *Kosmos*. 2018; 67(3); 529-539.
4. A Pacwa, E Gorowska-Wojtowicz, A Ptak, P Pawlicki, A Milon, M Sekula, K Lesniak, B Bilinska, A Hejmej, M Kotula-Balak. Interplay between estrogen-related receptors and steroidogenesis-controlling molecules in adrenals. *in vivo* and *in vitro* study. *Acta Histochemica*. 2018; 120 (5); 456-467.
5. M Kotula-Balak, A Milon, P Pawlicki, M Opydo-Chanek, A Pacwa, K Lesniak, M Sekula, M Zarzycka, M Bubka, W Tworzydło, B Bilinska, A Hejmej. Insights into the role of estrogen-related receptors α , β and γ in tumor Leydig cells. *Tissue and Cell*. 2018; 52; 78-91.
6. E Gorowska-Wojtowicz, P Dutka, M Kudrycka, P Pawlicki, A Milon, BJ Plachno, W Tworzydło, L Pardyak, A Kaminska, A Hejmej, B Bilinska, M Kotula-Balak. Regulation of steroidogenic function of mouse Leydig cells: G-coupled membrane estrogen receptor and peroxisome proliferator-activated receptor partnership. *Journal of Physiology and Pharmacology*. 2018; 69(3).
7. M Kotula-Balak, P Pawlicki, A Milon, W Tworzydło, M Sekula, A Pacwa, E Gorowska-Wojtowicz, B Bilinska, B Pawlicka, J Wiater, M Zarzycka, J Galas. The role of G-protein-coupled membrane estrogen receptor in mouse Leydig cell function-*in vivo* and *in vitro* evaluation. *Cell and Tissue Research*. 2018; 374 (2); 389-412.
8. B Bilinska, A Hejmej, M Kotula-Balak. Preparation of testicular samples for histology and immunohistochemistry. *Methods in Molecular Biology*. 2018; 1748; 17-36.
9. A Kamińska, L Pardyak, S Marek, E Górowska-Wójtowicz, M Kotula-Balak, B Bilińska, A Hejmej. Bisphenol A and dibutyl phthalate affect the expression of juxtacrine signaling factors in rat testis. *Chemosphere*. 2018; 199; 182-190.
10. L Pardyak, A Kaminska, M Brzoskwinią, A Hejmej, M Kotula-Balak, J Jankowski, A Ciereszko, B Bilinska. Differences in aromatase expression and steroid hormone concentrations in the reproductive tissues of male domestic turkeys (*Meleagris Gallopavo*) with white and yellow semen. *British Poultry Science*. 2018; 59 (5); 591-603.
11. A Hejmej, B Bilinska. The effects of flutamide on cell-cell junctions in the testis, epididymis, and prostate. *Reproductive Toxicology*. 2018; 81; 1-16.
